PROFILE SUMMARY

Results-driven Software Engineer and Educator with over two years of hands-on experience in front-end web development using React.js, Next.js, Node.js, and cloud technologies. Adept at designing responsive, user-centered interfaces and integrating technology into education to enhance teaching and learning. Recognized for innovative problem-solving, strong teamwork, and continuous professional growth.

EDUCATION

Bachelor of Education in (ICT and Science) Kwame Nkrumah University of Science and Technology (KNUST), Kumasi, Ghana	January 2021 – September 2024
West African Certificate Examination (Science) Bishop Hermaan College, Kumasi, Ghana	September 2016 – June 2019

WORK EXPERIENCE

NSP, Persol Systems Limited, Accra, Ghana	October 2024 – September 2025
- As a Front-end Developer at Persol Systems Limited, I developed responsive web applications using React.js and Redux, developing reusable components that enhanced development efficiency by 30%. - Collaborated across cross-functional teams to optimize application performance and scalability. - Orchestrated seamless front-end and back-end integrations, ensuring robust and dynamic user interfaces. - Facilitated effective communication between front-end and back-end teams to ensure smooth data integration.	
Intern, Weweso M/A JHS, Kumasi	January 2024 – March 2024
Taught computing and also conducted an Action Research on how to alleviate learners anxiety towards the use of keyboard through a Desensitization Therapy for my final year project.	
Intern, Persol Systems Limited, Accra, Ghana	October 2023 – December 2023
- During my internship at Persol Systems, I worked on over 50 coding projects involving HTML, CSS, and JavaScript. Guided by my supervisor and supported by Udemy tutorials, I enhanced my front-end development skills and gained practical, hands-on experience. - Developed an online bus ticketing website with HTML, CSS and JavaScript.	
Intern, Ridge Experimental School, Akim-Oda	October 2022 – November 2022
Taught computing at the Basic level.	

SKILLS AND ABILITIES

Technical Skills

- Programming Languages:** JavaScript, Node.js.
- Front-end Technologies:** React.js, Redux, Next.js, Bootstrap.
- Database:** PostgreSQL.
- Testing Framework:** Jest.
- Tools:** Visual Studio code, GitHub Actions.

Educational Skills

- Skilled in curriculum design, technology integration, and inclusive teaching, with a focus on fostering learner engagement, critical thinking, and continuous professional growth.

PROJECTS/RESEARCH WORK

- Conducted an Action Research on how to alleviate learners anxiety towards the use of keyboard through a Desensitization Therapy.
- Collaborated in developing web applications such as a **New Invoicing App** and **E-VAT-Manager** all part of part of the **E-VAT Suite**, **PersonaX® Employee Self-Service (ESS)**, **PersonaX® Payroll** and **PersonaX® Central**, all part of **PersonaX® Suite**.

ADDITIONAL INFORMATION

- Proficient in Microsoft Office Suite.
- Strong problem-solving and communication skills.
- Languages:** English, Ghanaian Language (Akuapem-Twi).
- References available upon request.
